Artificial Intelligence Application Development and Jira

Practical – 6(M2)

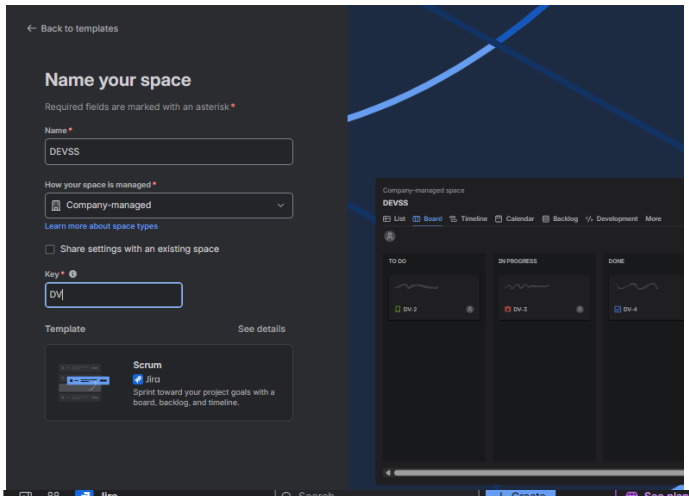

Roll No.: T045	Name: Omkar Thukarul
Class:TYIT	Batch:1
Date of Assignment: 12/09/2026	Date/Time of Submission: 12/09/2026

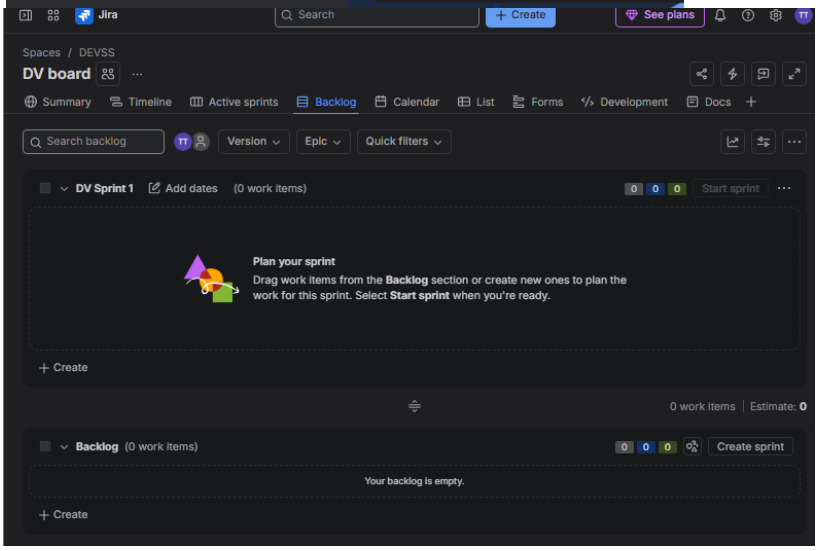

Aim: Scrum Board & Sprint Management

A. Create and configure Scrum Board.

1. Open your **active Scrum Board**.
2. Work on the issues in the Sprint.
3. Move issues through the board according to their status.
4. Move completed issues to **Done**.
5. After completing the Sprint, go to the **Sprint/Backlog** page.
6. Click **Complete Sprint**.
7. Confirm the completion.

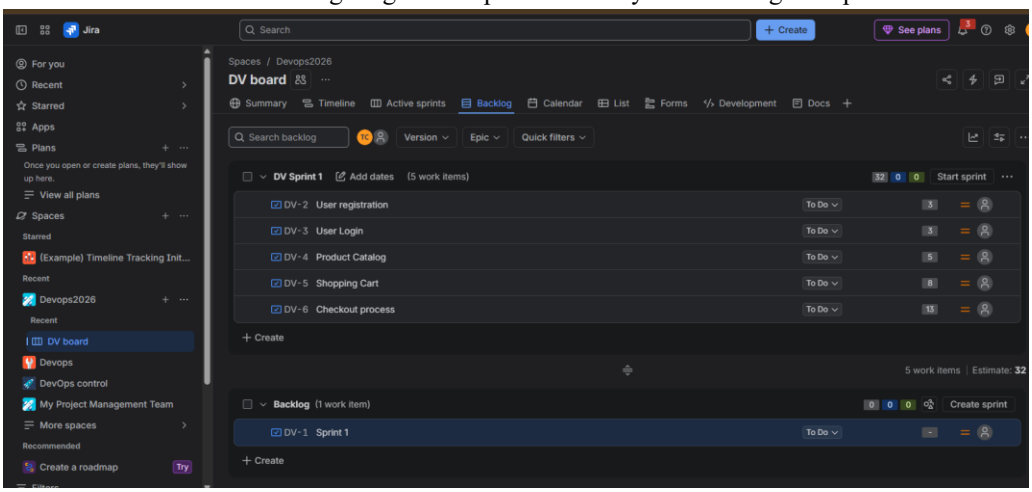

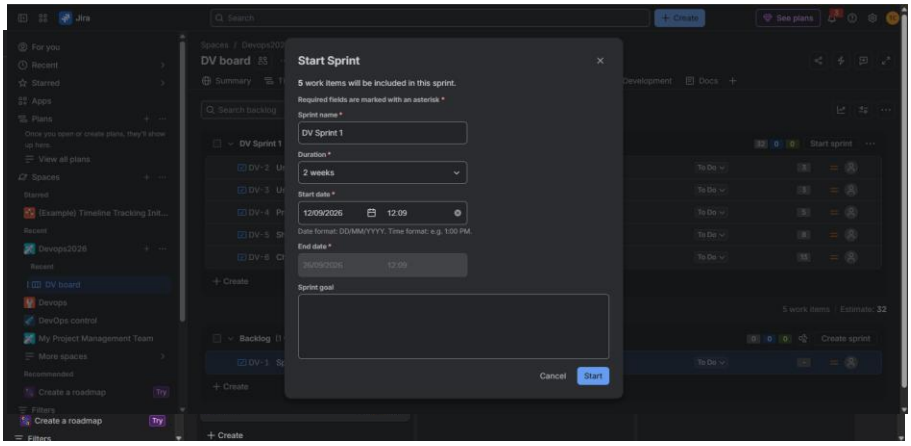

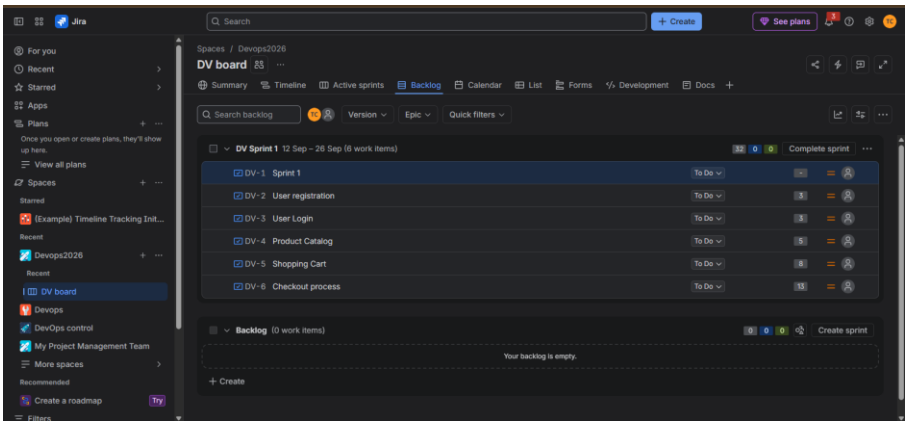

B. Create and start a Sprint.

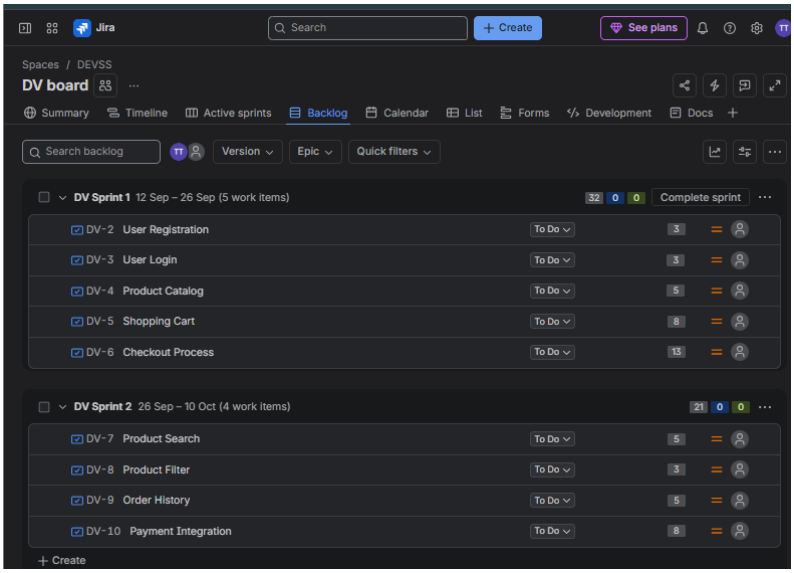

1. Go to your Scrum project.
2. Open Reports.
3. Select Sprint Report / Sprint Summary.
4. Select the required Sprint.
5. The Sprint Summary will display information about the Sprint.

The manual demonstrates navigating to the Sprint Summary and viewing the Sprint information.

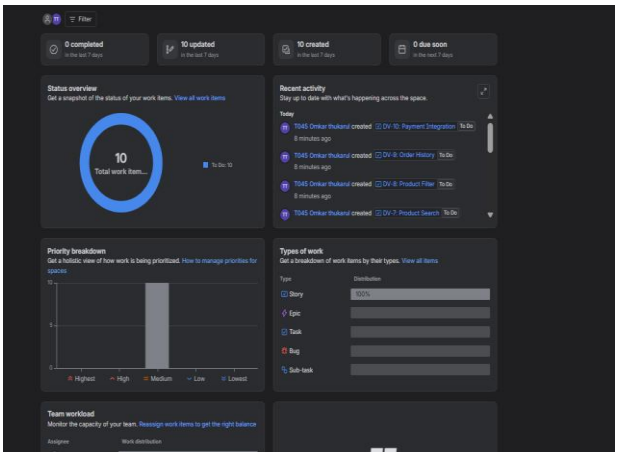

C. Complete Sprint and generate Sprint Report

1. Open Reports from the Scrum project.
2. Select Sprint Report.
3. Select the completed Sprint.
4. Jira displays the Sprint report.
5. Check the displayed information such as:
    - Completed issues
    - Incomplete issues
    - Story points
    - Sprint progress
6. Take a screenshot for your practical file.

The manual shows the generated report with Sprint progress information and charts.
